

## The Climate Assembly in Skopje 2024: Consequent climate recommendations for a divided society

Hans-Liudger Dienel, Technische Universität Berlin, nexus Institute  
Chair for Work, Technology and Participation, June 20, 2024

---

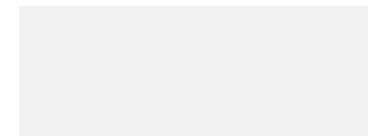

# Skopje is the most air polluted city in Europe

**North Macedonia:  
a divided society**

**Albanian Flag  
in front of the Town Hall  
of Saraj (borough of Skopje)**

# The bilingual Climate Citizens' Assembly in Skopje (First meeting on February 17th, 2024)

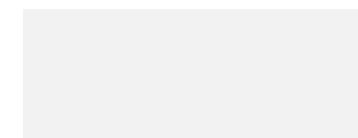

**The citizens' assembly of 65 randomly selected citizens integrated the two main ethnic groups in the country: Macedonians and Albanians.**

**The Citizens' Assembly in Skopje met six times:**

- 17.2. Inauguration
- 2.3. Energy
- 16.3. Transport
- 30.3. Public Health
- 30.3. and 27.4. Results

## Public handing over of Citizens Report to the new Prime Minister of Northern Macedonia Hristijan Mickoski (11.6.24) in Skopje

European Ambassadors, the elected Prime Minister,  
Ministers and many Energy Experts at the MEF (June 11th).

Success Factor for Climate Assembly in Skopje:  
Combination of climate policies with other issues of a divided society
